We have always been about "the apples," and we grow over 60 varieties of them; but now we grow strawberries, raspberries, blackberries, blueberries, peaches, cherries and many different types of vegetables. We will have a table where you can sample many different apples including the new Snapdragon apple. There will be apple picking, pony rides, horse-drawn hayrides, the play area, a 6-acre corn maze, and for the younger kids a cow train and the Bowman Orchards' coloring wall for kids of all ages.
