NEWS RELEASE

Jonesville Fire District Schedules Public Forum on Feasibility Study of Fire Station 2

FOR RELEASE: July 14, 2011

CONTACT: Jim Miller; Chair, Board of Fire Commissioners

The Jonesville Fire District will hold a Public Forum on Thursday, July 28th at 7pm at Fire Station #2 on Rt. 146A. The topic of discussion is the process of a Feasibility Study to investigate all options regarding the future of the 37 year old facility. The District has retained HUEBER-BREUER CONSTRUCTION COMPANY'S *Division of Fire Protection Services* to facilitate the study which is estimated to take 5 - 6 months to complete. Additional Public Forums will be scheduled as the study progresses.

A study committee has been formed, with 18 members, including District officials, Fire Department members and several citizen representatives. *"It is critical to this effort that we solicit all available public input to the process in order to make the study functional and complete"*, said Fire District Chair, Jim Miller.
