## **TOWN OFFICIALS ANNOUNCE SUPPORT FOR ELLIS MEDICINE'S ENHANCED URGENT CARE FACILITY**

*\$3M facility to be located on Sitterly Road near Clifton Park Center*

Town officials today announced their support for Ellis Medicine's plans to build a \$3 million enhanced urgent care facility in Clifton Park on Sitterly Road at the former Alpin Haus location.

"I am pleased that Ellis Medicine has obtained approval from the Department of Health to locate an enhanced urgent care facility here in Clifton Park and I look forward to working with them as we move forward on this important project to ensure that our residents receive the best possible medical care," Town Supervisor Phil Barrett said.

The enhanced urgent care facility will be staffed by Ellis doctors and nurses certified in emergency medicine. Hours of operation will be from 10 a.m. to midnight, seven days a week.

Staff will see patients with breaks, sprains, asthma attacks, fever, migraines, minor burns and lacerations, animal bites, rashes and skin infections, earaches, kidney stones and other non-life threatening illnesses. The facility will also treat and stabilize more serious conditions for transport to the hospital.

"In a medical crisis, seconds count," Councilman Scott Hughes said. "The town partnered closely with Ellis Medicine in support of the need for this project. Clifton Park and southern Saratoga County residents of all ages can take comfort knowing that this first-class, enhanced urgent care facility will be just minutes away."
