## **DEBRIS PICK-UP ENTERS FINAL PHASE**

Highway Superintendent Rick Kukuk wishes to inform town residents that crews have completed their first pass of all town areas.

Contractors and highway crews will begin their **SECOND and FINAL** pass to remove debris on Monday, April 27. All residents should have any remaining debris caused by the ice storm placed at the road's edge by that date.

Any remaining ice storm debris placed along the road's edge will be picked up between April 27 and May 15. After crews have cleared each area for the second time, **no further debris** will be removed.

A handwritten signature in black ink, appearing to read "RM Kukuk". The signature is written in a cursive, flowing style.
