

- 1. Make sure pop-ups are allowed, then
Go to www.maphost.com/saratoga

Scroll down the page and click on **Accept**

- 2.

Click on either Saratoga County or Town of ...

- 3.

Click **Parcel Search**

- 4.

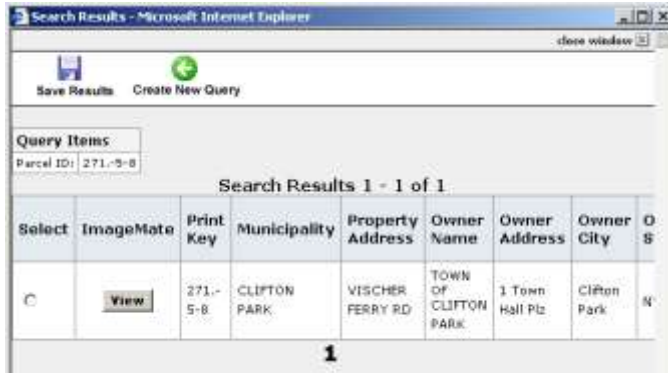

Choose either

- Owner Name
- Address
- Parcel Id

Enter the search criteria and click on **Submit**

5.

A pop up window with Search Results should appear
 If you click the Select button option, the property is highlighted on the map level
 If you click on **View**, a data report should pop up in another window.

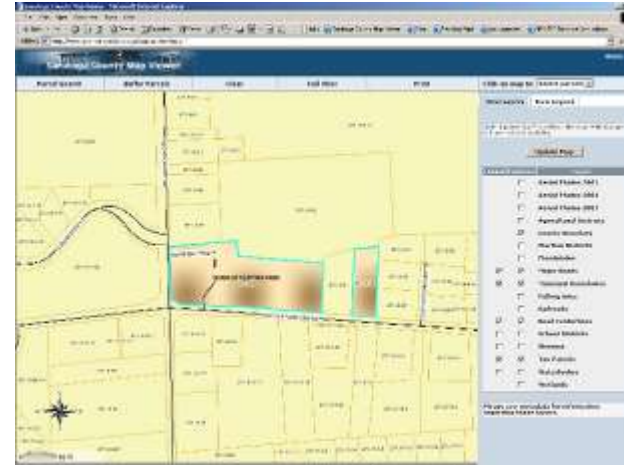

Click I agree then click on **Continue**

6.

There are several different options for reports on the left and links to other mapping websites on the right under the photograph of the property. Minimize these pop-ups to get back to the property map viewer.

7.

On the View Layers tab, you can select the features you would like to see and then click **Update Map**

These tools are available by using the drop down menu next to Click on map to:

- Zoom in
- Zoom out
- Pan
- Measure
- Identify
- Select Parcels

Then click on map to enable tool
