**Superintendent of Highways Announces Closure
of Englemore Road**

Week Days 7 AM thru 4:30 PM Nov. 23 thru Dec 15

A culvert replacement project on Englemore Road at the crossing of the Stoney Creek Reservoir will necessitate the daily closure of the roadway to all traffic. The existing seventy two inch diameter pipe has deteriorated such that it must be repaired.

The construction work will require elimination of vehicular traffic during work hours due to restricted space on the causeway.

The closures will begin Monday November 23 at 7 AM, until 4:30 PM. The road will be closed to traffic each weekday from 7AM to 4:30 PM through December 15th. The roadway will be open for use after 4:30 PM and on weekends. Signage will be placed at Vischer Ferry Road and Moe Road. Local residents only may access their property during construction hours.
