MESSAGE FROM HIGHWAY SUPERINTENDENT RICK KUKUK REGARDING SNOW PLOWING

December 11, 2009

I would like to thank all Clifton Park residents for their patience and cooperation during Wednesday's snow storm and apologize for any inconvenience or frustration that may have been caused during the first major storm of the year.

At this time, it is important to point out some regulations that residents are required to follow regarding snow removal. In order to allow our crews to effectively remove snow in a timely manner, all residents must:

- **NOT** park or leave unattended vehicles on town roadways during or immediately after a major snow storm (Town Code Chapter 194-6)
- **NOT** plow or throw snow back into the street after our plows have cleared the roadway (NYS Vehicle and Traffic Law Section 1219)

Vehicles left parked on town roadways and snow that has been deposited back onto the street creates a hazard to other drivers and delays highway crews' efforts to plow the roads as quickly as possible.

Also, when numerous violations cause the additional dispatch of crews and equipment, it is at a considerable undue expense to the town. As the elected official responsible for the maintenance and safety of our roadways, I respectfully request that all residents cooperate with our efforts.

Thank you for your compliance with these mandatory regulations and do not hesitate to contact my office at 371-7310 with any comments or questions.

A handwritten signature in cursive script that reads "RM Kukuk".

Rick Kukuk
Highway Superintendent
