**ANNOUNCEMENTS AND COMMUNICATIONS**

Supervisor Barrett praised the Not So Common Players production of "Godspell" that was dedicated to a NYC fireman, Thomas Foley, who died on 9/11.

Councilman Walowit reminded residents of the Arbor Day event when 2009 tree seedlings will be given away.

Supervisor Barrett advised residents that the survey phase of the Census is underway and people will be going throughout the town. He gave the website address and the 800 number for residents to use if there are any questions.

Supervisor Barrett asked that the resolution establishing the Rivercrest Sewer District Extension No. 1 be pulled from the agenda this evening.

Councilman Hughes said a grant has been received, through the NYS Energy Committee, to upgrade the HVAC in the town hall, as well as other buildings.

**REPORTS TO THE BOARD**

Town Comptroller Heggen reviewed the March financial report, noting sales tax revenues are now reflected in 2009 and all figures are in the line with the budget. Regarding the HESS natural gas procurement through MEGA, he has not been able to reach the contact person as yet.

Town Administrator Shahen said debris cleanup in the parks and town land is being done. He is meeting with the SEMA representative to review numbers and it appears \$56,789 was spent just for the town hall end of the emergency and out of that he expects the town to receive \$49,691. He reported he toured the parks with Buildings and Grounds Supervisor Handerhan. It will be necessary to take some trees down, however, in some areas it may be necessary to hire an outside contractor as some trees are too large for town staff. He is hoping to tie into Highway Superintendent Kukuk's vendor. Supervisor Barrett asked residents to call his office if they see any branches hanging in the parks. Mr. Shahen said he believes there has been a further declaration regarding trees fallen in streams and will tour with the SEMO representative to look at areas but believes some commercial assistance will be necessary. He reported he has asked Mr. Handerhan to hire some extra help this summer and there has been volunteer help from McGregor Correctional facility.

Superintendent of Highways Kukuk reported the debris pickup is ahead of schedule. He said the total volume was somewhat over estimated and now looks that it may be less than 1000 cubic yards with the town's share approximately \$160,000. He noted crews are working Saturdays to do the outlying areas. Mr. Kukuk said FEMA and SEMO have been walking the town through the process. He stressed the importance of only ice storm debris being put out for pickup. Mr. Kukuk said the Highway Department will make a second pass for debris clean up and will finish up in mid-May. Regarding leaves and brush and household trash containers, he asked these be placed on the lawn, not the road, so the street sweepers can come through.

Regarding the contract for debris pick up, Mr. McCarthy said state and federal authorities want the contract clarified as to when title to the chip debris passes to the contractor, make sure federal and state environmental regulations apply, as well as OSHA regulations, that a double check on the amount of material brought in and taken away be done - paper work and load slips for that delivery, and records on prevailing wage. He stated this doesn't change pricing or volume and is just technical clarifications.

Speaking with regard to the Highway truck resolution, Mr. Heggen reported in 2007 the Highway Surplus line was \$500,000 with an increase in 2008, not solidified at this point, but shows a positive surplus. It was noted this number is after the equipment authorized earlier. Mr. Kukuk said he does expect the surplus to be reimbursed as monies were taken out for emergency storm damage in December. He reported \$70,000 was used for the two sweepers. Mr. Kukuk further explained a portion of 2008 unspent CHIPS money has been contributed to the surplus fund and will be used for paving and drainage improvement. He noted Plaid Place will be first on the list for paving.

MOTION BY Councilman Paolucci, seconded by Councilwoman Walowit, to remove Resolution No. 123 of 2009 from the table.
