The Supervisor reminded all of NSCP's production of "Calvin Berger" presented at the Clifton Park/Halfmoon Library from April 5th to the 14th.

PRESENTATION AND OPEN SPACE UPDATE

David Miller, Chair of the Trails, Open Space and Riverfront Committee, reviewed the 2019 general goals of the committee, attached. He thanked the Planning Department and Board for working with the Open Space Committee regarding recommending important areas for preservation. He thanked the town for funds that have been set aside for the various projects in the Dwaas Kill Nature Preserve.

Supervisor Barrett thanked Mr. Miller for his efforts over the last 20 years, noting since that time 1700 acres have been preserved.

Ray Seymour presented a Status Report & Proposed Enhancements for the Dwaas Kill Nature Preserve 2019, attached. He explained the 260 acre preserve was purchased from the Saratoga Land Trust in 2006 and was recognized as one of the key areas of Southern Saratoga County for habitat and habitat protection. It was originally studied in 1997 by Hutsonia Institute. He explained the committee is looking at incremental improvements for trail access but no changes to the Preserve. He reviewed the topography of the land and noted it is a natural flood protection area as it absorbs all flood waters that come in through various stream corridors and protects downstream. Environmental Design Partnership will structure better entrances and trails. He complimented and thanked Buildings and Grounds for their work at the 268 acre preserve.

Frank Berlin reviewed the attributes of the Dwaas Kill Nature Preserve. He is offering bee boxes to residents and noted a kite event on April 28th.

Supervisor Barrett noted the Dwaas Kill is a special place and the natural state of the Preserve should not be altered, noting it is a jewel in the heart of Clifton Park.

TOWN HISTORIAN 2018 REPORT

Town Historian John Scherer reviewed highlights and events in 2018, attached. He noted the town turns 191 years old today, April 1st, being formed in 1828 at Grooms Tavern. Mr. Scherer noted any changes to a building with an Historic Conservation Easement has to be approved by the Town Board after Historic Preservation commission review.

PUBLIC HEARING, 7:05 PM (8:02) TO CONSIDER A LOCAL LAW AMENDING CHAPTER 208 REGARDING LIGHT INDUSTRIAL ZONING DISTRICT DEFINING BREWERIES, DISTILLERIES, TAPROOMS AND TASTING ROOMS

The Town Clerk read the Notice of Public Hearing as published in The Daily Gazette on March 26, 2019.

Supervisor Barrett explained there may be some areas within the code that do not coincide with NYS code.

Town Attorney McCarthy summarized the proposed local law explaining the brewery and distillery there now are approved for Light Industrial zone as they are light manufacturing facilities and meet definition generally, but the State Liquor Authority requires some level of food service available with tasting and taprooms on site. He said the code doesn't contain any provision for the type of food service that would be required. Mr. McCarthy continued this will provide specific definitions for these facilities in the Light Industrial zone and under tap and tasting rooms provision specifically tied to what the SLA requires. He said the code has a couple of different accessory uses and this proposes to repeal and add more flexible definition as to what is an accessory use and is written up to match the state law as well as the industry.

Supervisor Barrett stated there is no provision for outdoor music. The other allowance is a very small food service availability that will coincide with state law.

The public hearing was opened for comments from the audience at 8:08 p.m.

Everyone was given an opportunity to speak in favor of or against the proposed local law and no one wished to be heard. Supervisor Barrett declared the public hearing closed at 8:09 p.m.
