Application Procedures for SPECIAL USE PERMIT

(1) An application for a special use permit shall be made by the applicant to the Zoning Enforcement Officer. He shall determine if the special use is a permitted use per town code. If it is determined that the use is permitted, the application for a special use permit shall be forwarded to the Planning Board.

NOTE: Names (not addresses) of current ADJACENT PROPERTY OWNERS must be printed clearly on the appropriate section of Page 1 of the application. Failure to provide these names will result in unnecessary delay.

The applicant shall provide SEVENTEEN (17) separate collated packets, each containing copies of ALL FORMS (but not instruction sheets or code sections) in this application packet, along with plot plans or site plans, and any accompanying documentation or narrative.

(2) Prior to taking action on an application, the Planning Board shall refer all applications for properties which fall under Section 239-m of the General Municipal Law to the County Planning Board for a determination. Generally, these would include properties within 500 feet of a town boundary, a county or state park or other recreational area, thruway or other controlled-access highway or right-of-way, or any county-or state-owned land in which a public building or institution is situated. Applicants should be aware that the County Planning Board meets once a month and this may cause a delay in scheduling the application for the Planning Board agenda.

(4) When the application is placed on the Planning Board agenda, the Secretary of the Planning Board will notify the applicant of the date and time.

(5) NOTIFICATION REQUIREMENTS - Please refer to Sections 208-79(D)(2) and 208-115(F) of the Town Code relating to notification requirements, or contact the Planning Department at 371-6054 for assistance.

(6) The fee for all Special Use applications is $300.00 payable at the time of submission.

Applications for special use permits are filed with the Department of Building and Development and acted on by the Planning Board. Pursuant to Town law, all applications for a special use permit require site plan review. The site plan review process before the Planning Board may run concurrently with the special use permit application; however, the Planning Board may not consider preliminary site plan review without the issuance of the Special Use Permit.

The Applicant MUST contact the Planning Department for additional requirements and/or fees that may be associated with their application.
