

Request for Proposals
CLIFTON PARK SENIOR COMMUNITY CENTER

Indoor Air Ionization Project
(Bid Proposals Due at 3:00 pm on Monday, September 21, 2020)

The Town of Clifton Park, New York seeks proposals for the installation of appropriately sized bipolar ionizers at The Clifton Park Adult Community Center at 5 Clifton Common Boulevard. The Goal of the Request for Proposals (RFP) is to obtain a cost-effective system to effectively reduce/eliminate the potential for Coronavirus and a wide range of airborne and surface contaminants within the Adult Community Center, the Town's primary senior community center, including infectious agents such as bacteria, fungi and other viruses, as well as the reduction in allergens and other particulates.

The full Request for Proposal is available at <https://cliftonpark.org/government/legal-notices/documents.html>, or through the Town Clerk tbrobston@cliftonpark.org.
